We would like to welcome you to our private treaty offering. We might be new to selling purebred bulls but we are not new to the cattle industry. We run a large commercial herd of 300 cows. We know what it takes to breed, calve and feed large numbers for the highest possible profit margins. Now a days, cost of production is key and so is great sire selection. That's why bulls with built in calving ease that are easy fleshing, low maintenance, highly fertile and out a proven dam are a must. Our goal is to source these sires to produce cattle that thrive in the real world. Not only do they have to look good, they have to produce.

Our offering may be small in numbers but it is high in consistent quality. We have a variety of calving ease and performance bull options to satisfy your herd sire needs. We are also offering a select group of Black and Black Baldy face yearling open heifers from our commercial herd.

Take this as your invitation to stop by our ranch or call Jonathan. We would love to discuss your bull and heifer needs and see if we have the perfect fit for you!

21K

Sure Thing is an outstanding individual. He started out at 79 lbs and has never looked back. He has tremendous thickness, muscle and style. He too is an embryo calf whose dam is a big time producer who currently has 29 progeny registered with the CAA. Her latest calf was the high seller heifer calf at \$15,000 in the Peak Dot Ranch fall bull and female sale.

22K, 23K and 24K are a trio of embryo brothers that are as consistent and complete as you will find. They all have that herd bull look with unmatched calving ease, impressive growth, tremendous hair coats, a good foot under them and a stunning mother. Their dam PM Tibbie 216'15 was a \$38,000 high seller out of the Rose Bowl sale. They are all sired by Brooking Mercury making them full siblings to Wiwa Creek Trending Now (the \$30,000 bull out of the Angus collection sale 2021) and KT Tibbie 2410 (\$25,000 heifer calf in the Angus collection 2022). As an added bonus they have great temperament.

27K is another embryo calf that is royally bred. He has an excellent resume with a 75lb birthweight to an actual 900lb weaning weight. He is a meat wagon from front to back with tremendous depth and thickness. He is sired by Coleman Triumph which was the high seller in the Coleman Angus Female Sale at \$225,000. His dam also was a high seller in the 2020 Opportunity Knocks sale at \$28,000.

BLAIR'S FOREVER LADY 674D

27K

220K is out of a first calf heifer and he is attractive, good haired, long and has a nice small birth weight of 76lbs. His dam is a purchase from the Johnson dispersal that is a President daughter with tremendous length, great feet and a beautiful udder.
